Engineered with powerful components that can easily extract juice from fruits, vegetables, wheatgrass and leafy greens. There is no limit to the variety of juice you can make. These "Nutrition Centers" also include a homogenizing cone for food processing functions: turn nuts into nut butters, extrude pasta, grind coffee and spices, mince herbs and garlic, make baby food, and whip up soymilk in a flash.

Specifications subject to change without notice.

Approvals: UL listed
