- Joiner Strip: Connects two fryers and prevents oil from getting in between the fryers or drain station

Model Shown AF-DS

Shown with optional casters

DESCRIPTION

American Range, model Dump Station is a perfect companion to a American Range fryer. The cabinet can be used as a work station to prepare fresh breaded products or a place for finished food to allow the oil to drain before serving. Optional heat lamp above the station to help extend the hold life of your food.
