### Dimensions

### FEATURES

- 11 speeds with LED light indicating speed
- Toggle Switch for High / Low speeds and pulse functions
- 3 Peak horsepower motor
- Stainless Steel Blades and metal drive coupling.
- Quickly blends ingredients and multiple servings with ease.
- 64oz / 1.9L BPA-Free Container made of virtually indestructible
- Eastman Tritan® Copolyester plastic.
- Noise Reduction and Stability

- Rubber pad sits atop the motor housing and under container to minimize vibration and noise. Can be removed for cleaning.
- 4 gripper feet under the motor housing for added stability
- Convenient cord storage under unit
- Plunger/Spatula - designed to prevent the spatula from coming in contact with the blades. Plunger side is used to push ingredients into a continuous blend. Spatula side assists in moving ingredients wedged on the container sides.
